

DISCOUNT TIRE MONTHLY

The November Issue

EMPLOYEE SHOUTOUTS

For this month's issue, we asked these managers to give a special shoutout to someone in their store who's doing an excellent job living Mr.Halle's 5 Life Lessons.

NVR01

Tyler Wheeler Marketing Manager

I'd like to nominate Tyler Wheeler from his leadership to his Can-Do Attitude. Tyler is one of the best marketing managers I've had the pleasure of working with. He is constantly going the extra mile for his people and customers. He helps motivate his team and jumps in whenever and wherever he can to assist his team. He pushes the people around him to get better and not settle. He is an anchor for the store.

Teddy Beckers

Austin Lauder Apprentice Tech

I'd like to nominate Austin Lauder. Austin, over the last couple weeks, has really stepped into a new role. He assists a lot on the counter and is driven to help the customers he is serving while learning as he goes. He is training hard under Rafael and Tyler (SA & MM) and gaining tons of experience. He dives head first into everything he can and has shown great consistency in multiple roles. He is able to plug into any role in the store and execute.

NVL08

Jorge Sanchez Aguiar Assistant Manager

This young man started off as most tire techs do. Young, immature, goofy, but has a drive, eager to help customers and has a want to win and have fun!! I have seen great growth as a man that wants to be an asset to his company and a father and husband to his kids and his wife. He is there for his Discount Tire family as well as his family at home. He loves getting to know everyone and is always willing to do what he can to keep us especially me in a great mood. He lives our Principals and Standards and works hard on bringing them to life everyday. We are proud to have a piece in building him to continue his career with Discount Tire!!!

Bryce Sizemore Apprentice Tech

This guy has been a cornerstone of our backroom! Thanks NVL03 giving him to us!! He is one of the hardest working individuals that is around and just is always ready. He has taken on more responsibility and wanted to do his part in helping the store and our company succeed. He is a guy that we all can count on and gets any and all things done. I appreciate him and glad to have in here and the sky is the limit with this guy and he will go far!
