

A Sustainable Halloween:

SIMPLE WAYS TO CELEBRATE SMARTER

Costumes: KEEP IT CLEVER AND REUSABLE

Shop second-hand or borrow from friends, DIY something, and choose reusable pieces. You'll spark conversations and save money!

Treats: SWEET CHOICES WITH LESS WASTE

Choose candy with recyclable packaging, avoid plastic wrappers, or make your own treats. Small choices will add up!

Decorations: SPOOKY DOESN'T HAVE TO MEAN WASTEFUL

Reuse what you have, carve real pumpkins, and DIY your decorations. Sustainable swaps can look just as good, but save time and money!
